The Proposal

⚠ You must give full details of your proposal and attach the information required to assess the application. Insufficient or unclear information will delay your application.

i For what use, development or other matter do you require a permit? *

TO CARRY OUT BUILDINGS AND WORKS
TO EXTEND AN EXISTING DWELLING.

Provide additional information about the proposal, including: plans and elevations; any information required by the planning scheme, requested by Council or outlined in a Council planning permit checklist; and if required, a description of the likely effect of the proposal.

i Estimated cost of any development for which the permit is required *

Cost \$ 120,000

⚠ You may be required to verify this estimate. Insert '0' if no development is proposed.

If the application is for land within **metropolitan Melbourne** (as defined in section 3 of the *Planning and Environment Act 1987*) and the estimated cost of the development exceeds \$1 million (adjusted annually by CPI) the Metropolitan Planning Levy **must** be paid to the State Revenue Office and a current levy certificate **must** be submitted with the application. Visit www.sro.vic.gov.au for information.

Existing Conditions **i**

Describe how the land is used and developed now *

For example, vacant, three dwellings, medical centre with two practitioners, licensed restaurant with 80 seats, grazing.

Provide a plan of the existing conditions. Photos are also helpful.

Title Information **i**

Encumbrances on title *

Does the proposal breach, in any way, an encumbrance on title such as a restrictive covenant, section 173 agreement or other obligation such as an easement or building envelope?

- Yes (If 'yes' contact Council for advice on how to proceed before continuing with this application.)
- No
- Not applicable (no such encumbrance applies).

Provide a full, current copy of the title for each individual parcel of land forming the subject site. The title includes: the covering 'register search statement', the title diagram and the associated title documents, known as 'instruments', for example, restrictive covenants.

Checklist

Have you:

- Filled in the form completely?
- Paid or included the application fee?

 Most applications require a fee to be paid. Contact Council to determine the appropriate fee.
-  Provided all necessary supporting information and documents?
 - A full, current copy of title information for each individual parcel of land forming the subject site.
 - A plan of existing conditions.
 - Plans showing the layout and details of the proposal.
 - Any information required by the planning scheme, requested by council or outlined in a council planning permit checklist.
 - If required, a description of the likely effect of the proposal (for example, traffic, noise, environmental impacts).
 - If applicable, a current Metropolitan Planning Levy certificate (a levy certificate expires 90 days after the day on which it is issued by the State Revenue Office and then cannot be used). Failure to comply means the application is void.
- Completed the relevant council planning permit checklist?
- Signed the declaration above?

MORE INFORMATION

The Land

Planning permits relate to the use and development of the land. It is important that accurate, clear and concise details of the land are provided with the application.

How is land identified?

Land is commonly identified by a street address, but sometimes this alone does not provide an accurate identification of the relevant parcel of land relating to an application. Make sure you also provide the formal land description - the lot and plan number or the crown, section and parish/township details (as applicable) for the subject site. This information is shown on the title.

See **Example 1**.

The Proposal

Why is it important to describe the proposal correctly?

The application requires a description of what you want to do with the land. You must describe how the land will be used or developed as a result of the proposal. It is important that you understand the reasons why you need a permit in order to suitably describe the proposal. By providing an accurate description of the proposal, you will avoid unnecessary delays associated with amending the description at a later date.

 Planning schemes use specific definitions for different types of use and development. Contact the Council planning office at an early stage in preparing your application to ensure that you use the appropriate terminology and provide the required details.

How do planning schemes affect proposals?

A planning scheme sets out policies and requirements for the use, development and protection of land. There is a planning scheme for every municipality in Victoria. Development of land includes the construction of a building, carrying out works, subdividing land or buildings and displaying signs.

Proposals must comply with the planning scheme provisions in accordance with Clause 72.06 of the planning scheme. Provisions may relate to the State Planning Policy Framework, the Local Planning Policy Framework, zones, overlays, particular and general provisions. You can access the planning scheme by either contacting Council's planning department or by visiting the Planning Schemes Online section of the department's website <http://planning-schemes.delwp.vic.gov.au>

 You can obtain a planning certificate to establish planning scheme details about your property. A planning certificate identifies the zones and overlays that apply to the land, but it does not identify all of the provisions of the planning scheme that may be relevant to your application. Planning certificates for land in metropolitan areas and most rural areas can be obtained by visiting www.landata.vic.gov.au. Contact your local Council to obtain a planning certificate in Central Goldfields, Corangamite, Macedon Ranges and Greater Geelong. You can also use the free Planning Property Report to obtain the same information.

See **Example 2**.

Estimated cost of development

In most instances an application fee will be required. This fee must be paid when you lodge the application. The fee is set down by government regulations.

To help Council calculate the application fee, you must provide an accurate cost estimate of the proposed development. This cost does not include the costs of development that you could undertake without a permit or that are separate from the permit process. Development costs should be calculated at a normal industry rate for the type of construction you propose.

Council may ask you to justify your cost estimates. Costs are required solely to allow Council to calculate the permit application fee. Fees are exempt from GST.

 Costs for different types of development can be obtained from specialist publications such as Cordell Housing: Building Cost Guide or Rawlinsons: Australian Construction Handbook.

 Contact the Council to determine the appropriate fee. Go to www.planning.vic.gov.au to view a summary of fees in the Planning and Environment (Fees) Regulations.

Metropolitan Planning Levy refer Division 5A of Part 4 of the *Planning and Environment Act 1987* (the Act). A planning permit application under section 47 or 96A of the Act for a development of land in metropolitan Melbourne as defined in section 3 of the Act may be a leviable application. If the cost of the development exceeds the threshold of \$1 million (adjusted annually by consumer price index) a levy certificate must be obtained from the State Revenue Office after payment of the levy. A valid levy certificate must be submitted to the responsible planning authority (usually council) with a leviable planning permit application. Refer to the State Revenue Office website at www.sro.vic.gov.au for more information. A leviable application submitted without a levy certificate is void.

Existing Conditions

How should land be described?

You need to describe, in general terms, the way the land is used now, including the activities, buildings, structures and works that exist (e.g. single dwelling, 24 dwellings in a three-storey building, medical centre with three practitioners and 8 car parking spaces, vacant building, vacant land, grazing land, bush block).

Please attach to your application a plan of the existing conditions of the land. Check with the local Council for the quantity, scale and level of detail required. It is also helpful to include photographs of the existing conditions.

See **Example 3**.

Title Information

What is an encumbrance?

An 'encumbrance' is a formal obligation on the land, with the most common type being a 'mortgage'. Other common examples of encumbrances include:

- **Restrictive Covenants:** A 'restrictive covenant' is a written agreement between owners of land restricting the use or development of the land for the benefit of others, (eg. a limit of one dwelling or limits on types of building materials to be used).
- **Section 173 Agreements:** A 'section 173 agreement' is a contract between an owner of the land and the Council which sets out limitations on the use or development of the land.
- **Easements:** An 'easement' gives rights to other parties to use the land or provide for services or access on, under or above the surface of the land.
- **Building Envelopes:** A 'building envelope' defines the development boundaries for the land.

Aside from mortgages, the above encumbrances can potentially limit or even prevent certain types of proposals.

What documents should I check to find encumbrances?

Encumbrances are identified on the title (register search statement) under the header 'encumbrances, caveats and notices'. The actual details of an encumbrance are usually provided in a separate document (instrument) associated with the title. Sometimes encumbrances are also marked on the title diagram or plan, such as easements or building envelopes.

What about caveats and notices?

A 'caveat' is a record of a claim from a party to an interest in the land. Caveats are not normally relevant to planning applications as they typically relate to a purchaser, mortgagee or chargee claim, but can sometimes include claims to a covenant or easement on the land. These types of caveats may affect your proposal.

Other less common types of obligations may also be specified on title in the form of 'notices'. These may have an effect on your proposal, such as a notice that the building on the land is listed on the Heritage Register.

What happens if the proposal contravenes an encumbrance on title?

Encumbrances may affect or limit your proposal or prevent it from proceeding. Section 61(4) of the *Planning and Environment Act 1987* for example, prevents a Council from granting a permit if it would result in a breach of a registered restrictive covenant. If the proposal contravenes any encumbrance, contact the Council for advice on how to proceed.

You may be able to modify your proposal to respond to the issue. If not, separate procedures exist to change or remove the various types of encumbrances from the title. The procedures are generally quite involved and if the encumbrance relates to more than the subject property, the process will include notice to the affected party.

▲ You should seek advice from an appropriately qualified person, such as a solicitor, if you need to interpret the effect of an encumbrance or if you seek to amend or remove an encumbrance.

Why is title information required?

Title information confirms the location and dimensions of the land specified in the planning application and any obligations affecting what can be done on or with the land.

As well as describing the land, a full copy of the title will include a diagram or plan of the land and will identify any encumbrances, caveats and notices.

What is a 'full' copy of the title?

The title information accompanying your application must include a 'register search statement' and the title diagram, which together make up the title.

In addition, any relevant associated title documents, known as 'instruments', must also be provided to make up a full copy of the title.

Check the title to see if any of the types of encumbrances, such as a restrictive covenant, section 173 agreement, easement or building envelope, are listed. If so, you must submit a copy of the document (instrument) describing that encumbrance. Mortgages do not need to be provided with planning applications.

▲ Some titles have not yet been converted by Land Registry into an electronic register search statement format. In these earlier types of titles, the diagram and encumbrances are often detailed on the actual title, rather than in separate plans or instruments.

Why is 'current' title information required?

It is important that you attach a current copy of the title for each individual parcel of land forming the subject site. 'Current' title information accurately provides all relevant and up-to-date information.

Some Councils require that title information must have been searched within a specified time frame. Contact the Council for advice on their requirements.

▲ Copies of title documents can be obtained from Land Registry: Level 10, 570 Bourke Street, Melbourne; 03 8636 2010; www.landata.vic.gov.au – go direct to "titles & property certificates".

Applicant and Owner Details

This section provides information about the permit applicant, the owner of the land and the person who should be contacted about any matters concerning the permit application.

The applicant is the person or organisation that wants the permit. The applicant can, but need not, be the contact person.

In order to avoid any confusion, the Council will communicate only with the person who is also responsible for providing further details. The contact may be a professional adviser (e.g. architect or planner) engaged to prepare or manage the application. To ensure prompt communications, contact details should be given.

Check with council how they prefer to communicate with you about the application. If an email address is provided this may be the preferred method of communication between Council and the applicant/contact.

The owner of the land is the person or organisation who owns the land at the time the application is made. Where a parcel of land has been sold and an application made prior to settlement, the owner's details should be identified as those of the vendor. The owner can, but need not, be the contact or the applicant.

See **Example 4**.

Declaration

The declaration should be signed by the person who takes responsibility for the accuracy of all the information that is provided. This declaration is a signed statement that the information included with the application is true and correct at the time of lodgement.

The declaration can be signed by the applicant or owner. If the owner is not the applicant, the owner must either sign the application form or must be notified of the application which is acknowledged in the declaration.

▲ Obtaining or attempting to obtain a permit by wilfully making or causing any false representation or declaration, either orally or in writing, is an offence under the *Planning and Environment Act 1987* and could result in a fine and/or cancellation of the permit.

Checklist

What additional information should you provide to support the proposal?

You should provide sufficient supporting material with the application to describe the proposal in enough detail for the Council to make a decision. It is important that copies of all plans and information submitted with the application are legible.

There may be specific application requirements set out in the planning scheme for the use or development you propose. The application should demonstrate how these have been addressed or met.

The checklist is to help ensure that you have:

- provided all the required information on the form
- included payment of the application fee
- attached all necessary supporting information and documents
- completed the relevant Council planning permit checklist
- signed the declaration on the last page of the application form

▲ The more complete the information you provide with your permit application, the sooner Council will be able to make a decision.

Need help with the Application?

If you have attended a pre-application meeting with a Council planner, fill in the name of the planner and the date, so that the person can be consulted about the application once it has been lodged.

Lodgement

The application must be lodged with the Council responsible for the planning scheme in which the land affected by the application is located. In some cases the Minister for Planning or another body is the responsible authority instead of Council. Ask the Council if in doubt.

Check with Council how they prefer to have the application lodged. For example, they may have an online lodgement system, prefer email or want an electronic and hard copy. Check also how many copies of plans and the size of plans that may be required.

Contact details are listed in the lodgement section on the last page of the form.

▲ Approval from other authorities: In addition to obtaining a planning permit, approvals or exemptions may be required from other authorities or Council departments. Depending on the nature of your proposal, these may include food or health registrations, building permits or approvals from water and other service authorities.

Use this checklist for applications for buildings and works

The *Planning and Environment Act 1987* defines 'buildings' and 'works' as follows:

Buildings

- A structure and part of a building or a structure; and
- Fences, walls, outbuildings, service installations and other appurtenances of a building; and
- A boat or pontoon which is permanently moored or fixed to land.

Works

- Any change to the natural or existing condition or topography of land including the removal, destruction or lopping of trees and the removal of vegetation or topsoil.

For example: construction of a new dwelling or multiple dwellings; alteration or additions to an existing dwelling; construction of a garage, a carport, a verandah or a fence.

Book a pre-application meeting

Before you submit your planning application, we encourage you to book a pre-application meeting with a planning officer for planning advice. Please contact the planning department to schedule a meeting. Meetings will be scheduled at a time that is mutually convenient. You need to provide a description of the proposal, the title and any relevant documents. A pre-application meeting fee may apply.

Minimum requirements for a planning permit application for buildings and works

- A completed application form
 - Application form is available at [planning forms, fees and checklists](#).
 - Ensure 'cost of works' is completed when you lodge.
- A recent copy of the title and the relevant plan for the land (dated no more than 3 months prior to the application)
 - A copy of the title and the relevant plan can be obtained online from [Landata](#).
 - Provide a copy of any registered covenant and Section 173 agreement if applicable.
- An electronic copy of scaled and dimensioned site plan and floor plan
 - Site plan is fully dimensioned and scaled to not less than 1:200.
 - Floor plan is fully dimensioned and scaled to not less than 1:100.
 - Show the location of any existing building, fence and significant vegetation.
 - Show the location of any easements and utility infrastructure affecting the land. Infrastructure locations can be accessed through [Before You Dig Australia \(BYDA\)](#).
 - Indicate floor levels of any existing and proposed buildings to Australian Height Datum (AHD).
 - Include front, side and rear setbacks measured from the boundary.
 - Provide a proposal summary table including the following information:
 - Proposed floor area
 - Garden area
 - Site coverage
 - Permeability
- An electronic copy of scaled and dimensioned elevations
 - Elevations are fully dimensioned and scaled to not less than 1:100.
 - Show the maximum building height from the natural ground level to the apex of the building roof.
 - Include details of proposed exterior materials, finishes and colours.
- An assessment detailing how the proposed development aligns with the planning requirements

Provide justification as to how the proposal responds to the following provisions of the Moyne Planning Scheme:

- Relevant state, regional and local planning policies
- Zone - Application requirements to support assessment against decision guidelines
- Overlays - Application requirements to support assessment against decision guidelines (e.g., response to the objectives and requirements of the overlay and the acceptable solutions to meet the performance standards contained in the the [Port Fairy Design Guidelines and Peterborough Design Guideline](#))
- Particular provisions – Requirements and standards (e.g., Rescode, native vegetation removal and car parking)

Other supporting documents

In addition to the above documents, the following documents may also be necessary.

- An arborist report assessing the impact to existing vegetation
- A landscape plan
- A neighbourhood character study and a locality map showing the site at a larger scale
- Engineering drawings showing any cut and fill
- Vehicle swept path analysis

How to lodge your application

Please submit your application electronically by email to moyne@moyne.vic.gov.au. For other lodgement options, please contact Moyne Council.

How to pay your application fee

After we acknowledge the receipt of your application, an invoice will be sent to your preferred contact person's email address. Payment options include mail, in-person, by phone, or via BPAY.

Councils provide services under the *Planning and Environment Act 1987*, which incur fees in accordance with the *Planning and Environment (Fees) Regulations 2016*. For detailed information on application fees, please see [fees \(planning.vic.gov.au\)](http://fees.planning.vic.gov.au).

What happens next

1. Additional information may be requested by the assessing planning officer. A request for further information may be sent to the contact person listed on the application form.
2. Once your application is considered to be complete, the planning officer will decide whether your application needs to be notified or referred to any Referral Authorities under the Moyne Planning Scheme and the *Planning and Environment Act 1987*.
3. You may need to adjust your plans in response to objections from the community, recommendations and decisions made by Referral Authorities.
4. At the end of the notification and referral period, the planning officer will assess the proposal and make a decision to issue a notice of decision, grant a permit, or refuse a permit. You will be informed of the outcome in writing.
5. Upon receiving a planning permit, carefully review the conditions and take note of any that must be complied with before the use and development starts.
6. If you receive a notice of decision to grant a permit, an objector has 28 days to appeal the council's decision to the Victorian Civil and Administrative Tribunal (VCAT). If no appeal is lodged within this period, the planning permit will be issued.
7. You can lodge an application for review with the VCAT if your application is refused by the council, if you are dissatisfied with the conditions, or if a decision has not been made in time.

To get in touch with Council with your application
