I refer to the work plan application (PLN-001732) for the above proposed at 19 Steeles Lane, Mortlake first lodged on 23 January 2023 and finally submitted on 3 April 2024.

As delegate of the Department Head, I hereby give  notice of my decision pursuant to section 77TD of the *Mineral Resources (Sustainable Development) Act 1990* (Act) that the work plan application (PLN-001732) including work plan specific conditions, was found to be satisfactory and is statutorily endorsed.

Referrals have been undertaken under section 77TE of the Act. A list of the referral authorities who have been given a copy of the work plan application is included in the enclosed referral consultation checklist.

Application for planning permission should now be made and include the following documents:

- This notice
- Statutory endorsement information for Council
- The referral checklist
- Agency referral responses (if no response included then none was received)
- An unaltered stamped and signed version of the statutorily endorsed work plan, including any work plan specific conditions, as determined by Earth Resources Regulator and as requested by referral agencies, under section 77TD(3) of the Act.

Approval of the work plan is sought by making application to the Department following the issue of the planning permit. Please complete and return the applicant checklist for the approval of a work plan and the specified required information with the application.

After the work plan is approved, you will be advised of the remaining requirements for the grant of the extractive industry work authority.

A rehabilitation bond is required to undertake extractive industry activities on the work authority. The Earth Resources Regulation Rehabilitation Liability Assessments and Bonds team will be in contact with you and Moyne Shire Council regarding the requirements for the rehabilitation bond. A copy of the standard Work Authority Schedule of Conditions is also provided for your and Council's information.

A copy of the statutorily endorsed work plan will be made available for download on the Resource Rights Allocation Management (RRAM) portal.

Please be advised that it is an offence to operate without the required permit/s, approvals and consents.
