Please insert a description of reasons in the **VPP REFERRAL TRIGGER / REFERRAL TRIGGER / EES TRIGGER** section for any item selected. Do not delete any information already provided in this section. Remove all blue writing before sending out.

Agencies may elect to provide a desktop response and not attend the initial site meeting. This is acceptable where the management of any issues is not required or is not complex.

If agencies determine that there is no requirement or elect to provide a desktop response. The advice must be given before the initial site meeting and tabled on the day for discussion and comment.

Please note that if the process is known to be statutory (amendment or new planning permit required) or undetermined there will be a combination of Victorian Planning Provision referral requirements (Use and Development, Zones and Overlays referrals) and Other referral requirements selected.

If the process is known to be non-statutory (no change to the planning permit or secondary consent) only Other referral requirements will be selected.

If EES criteria have been listed, please determine if an EES is required.
